SEEKING TREATMENT

If you need to seek medical care, please follow these simple instructions:

Telemedicine

Teladoc should be the first place that you seek medical care for non-emergency illnesses and injuries, as it can save you time and money. Inside the USA, your insurance plan includes FREE access to Teladoc so you can schedule an appointment right from the comfort of your own home. You can learn more about [Teladoc here](#).

Doctor/Hospital Search

You have the freedom of choice to visit any provider you wish, however you are strongly encouraged to visit medical providers who are part of the insurance plans network. This will allow direct billing and can remove the need for you to pay up front for medical expenses.

Inside the USA - [UnitedHealthcare Network](#)

Prescription Medications

Prescriptions should be filled at any available pharmacy and paid upfront directly to the pharmacy. Please keep copies of all your receipts and the prescription label and submit those to the claims team, along with a completed claim form for processing.

Non-Emergency Care

For immediate care in non-emergency situations, you **SHOULD** go to a Walk-in Clinic, Urgent Care center or local doctor. Urgent Care and Walk-in Clinics are often the best places to seek medical care as you can walk right in and they require no appointment.

You **SHOULD NOT** go to the Emergency Room (ER) for this type of care unless it is a real emergency situation.

Emergency Care

The Emergency Room (ER) is designed for medical emergencies. If you need emergency care for any reason, please get to the nearest Emergency Room (ER) or call the emergency services for immediate treatment.

PLEASE NOTE – an additional **\$500 Deductible** will apply for each Emergency Room visit for an illness which does not result in a direct Hospital admission
